13	Do you think the ambience of your college campus is eco-friendly?	90%	0%	10%
14	Do you think the extra/co-curricular activities are helpful in your academic performance?	94%	1%	5%

## Chart Analysis:

**Findings:**

- 94% of student respondents think that the physical environment of the college is conducive to promote academic growth; whereas, 6% are neutral.
- 84% of the students agree that the college has adequate infrastructural facilities for academic & extra- curricular activities; whereas, 4% disagree with the view and 10% are neutral.
- 93% of the students think that the classroom ambience helps in maintaining quality of the learning process; on the other hand, 1% respondents do not think so and 6% are neutral.
- 85% respondents are satisfied with the ICT used by teachers in the classroom teaching but 1% is not satisfied and 14 % are neutral.
- 75% respondents think that the E-learning facilities available in the college helps in academic performance; whereas, 3% students do not think so and 22% are neutral.
- 75% respondents think that the library ambience is sufficient for effective learning and 4% do not think it to be sufficient and 21 % are neutral.
- 71% students responded that the quantity and quality of books, journals, references, etc. of different subject available in the college library is sufficient for academic performance; on the other hand, 5% do not think so and 24 % are neutral.
- 95% students responded that the teachers create a healthy environment for the learning process, whereas, 5% are neutral.
- 87% students think that the mentoring process is helpful for their academic and emotional growth, whereas, 4% say no and 9 % are neutral.
- 90% respondents say that they are satisfied with the quality of the books/journals/references of the subject available in the college Library, whereas, 10% say that they are not satisfied.
- 96% respondents say that the college takes initiative for their career guidance; on the other hand, 1% say no and 4% are neutral.
- 91% students responded that the college maintains student friendly administrative system, but 3% say it does not and 6% are neutral.
- 86% respondents think that the college has a conducive atmosphere that promotes positive interaction with the peer group; whereas 1% does not think so and 13% are neutral.
- 90% respondents agree that the ambience of the college campus is eco-friendly, but 10% are neutral.

- 94% student respondents think that the extra/co-curricular activities are helpful in their academic performance; but 1% does not agree with the view and 5% are neutral.

**Suggestions put forward by student respondents:**

1. The college should have more digital classrooms with ICT facility.
2. The college should think of introducing B.Sc, B.Ed, MSW and PG programmes.
3. Additional books/journals/ references in the course content should be increased to large volume.
4. Additional teachers should be recruited for better curriculum delivery in some subjects.
5. Need extra reading room at the library and more computers for e-learning.
6. Volume of Books should be increased in the library. More reference books for subjects like Economics, History, Library Science etc. are needed.
7. Further development in the existing infrastructural facilities required for better academic performance.
8. The college needs a good platform for performing arts.

## Chart Analysis:

## Findings:

- 94% of teacher respondents think that the physical environment of the college is conducive to promote academic growth, whereas, 6% are neutral with the view.
- 89% of teacher respondents agree that the infrastructural facility of the college create an ambience for curriculum delivery, whereas, 11% are neutral with the view.
- 66% of the respondents think that the classroom ambience is adequate for teaching; on the other hand, 6% respondents think that this is not adequate and 28 % are neutral.
- Only 83% respondents think that the ICT facilities available in the classroom are sufficient for curriculum delivery but 11% do not agree with the view and 6% are neutral.
- 88% respondents rated that the E-learning facilities available in the college are helpful in the teaching- learning process, whereas, 6% say no and 6% are neutral.
- 94% respondents think that the library ambience support in improving the teaching-learning process and 6% are neutral.

- 66% respondents think that the quantity and quality of books, journals, references, etc. of their subject available in the college library is sufficient for curriculum delivery, whereas, 6% say that they are not sufficient and 28% are neutral.
- 94% of the teacher respondents think that the college maintains student friendly administrative system; on the other hand, only 6% responded neutrally.
- 100% respondents believe that the college has a conducive atmosphere that promotes academic performance of the students.
- 55% respondents are satisfied with the administration & governance of the college; on the other hand, 6% are not satisfied and 39% responded as neutral.
- Only 28% respondents are satisfied with the toilet and recreational facilities of the college; whereas 6% are not satisfied and 66% are neutral regarding this view.

**Suggestions for Question No. 13 & 14 put forward by teacher respondents:**

1. The classroom ambience has scope for improvement in terms of cleanliness.
2. Further infrastructural augmentation is required.
3. Library needs more reference books.
4. The college authority can create more opportunities for leadership development among students and increased academic collaboration among departments can create a healthy and friendly academic environment for students.
5. Department of Economics to be provided a permanent ICT enabled classroom for the major students.
6. A well-equipped digital conference room is needed.
7. Congenial atmosphere of the institution to be maintained.
8. More subscriptions of umbrella journal facilities like Jstor need to be provided.
9. Need more reference books in library.
10. Cleanliness of the classrooms to be given emphasis.
11. More cooperation between the institutional authority and staff is needed.
12. Electricity should be provided without any power cuts during the working hours.
