REPORT ON THE PROGRAMME

Topic: Workshop on UGC NET Examination

Dated: 12-05-2026

Organizer : Information and Career Guidance Cell, Furkating College (A), Golaghat

Description of the programme

A one-day intensive institutional workshop on "UGC NET Paper 1: General Paper on Teaching and Research Aptitude" was organized by the Information and Career Guidance Cell (ICGC), Furkating College(A) on May 12, 2026. The primary objective of this institutional initiative was to equip aspiring candidates with conceptual clarity, shortcut techniques, and robust preparation methodologies required to crack the National Eligibility Test (NET) conducted by the NTA.
The workshop was structured into three distinct technical sessions, each focusing on core modules of the General Paper:

Session I: Syllabus Analysis, Strategy & Time Management
Resource Person: Mr. Ravi Sahu Assistant Professor, Furkating College(A), NET-JRF

Focus Areas: This introductory session established a strategic framework for the examination. Mr. Sahu detailed effective preparation blueprints, decoded recent pattern shifts in NTA examinations, and shared vital time-management strategies. Special emphasis was placed on

handling online CBT constraints, balancing section-wise time distribution, and building examination stamina.

Session II: Theoretical Core, Research Frameworks & General Awareness
Resource Person: Mr. Biswajyoti Gogoi, Assistant Professor(A) Furkating College(A), NET

Focus Areas: This session provided a rigorous, comprehensive analysis of high-weightage descriptive units. Mr. Gogoi delivered deep dives into Teaching Aptitude, Research Aptitude, People, Development and Environment, and the Higher Education System. The discussion highlighted critical institutional topics, including research ethics, academic integrity, Sustainable Development Goals (SDGs), and contemporary updates from the National Education Policy (NEP 2020).

Session III: Mathematical, Logical & Analytical Aptitude
Resource Person: Ms. Antara Dutta, Assistant Professor(A) Furkating College(A), NET-JRF

Focus Areas: The final technical block focused entirely on the quantitative and reasoning segments of the syllabus. Ms. Dutta provided hands-on training featuring practical shortcut methods, elimination tactics, and logical problem-solving techniques. The session systematically covered Data Interpretation (DI), Mathematical Reasoning, and Logical Reasoning (with a dedicated segment decoding the complexities of Indian Logic / Pramanas).

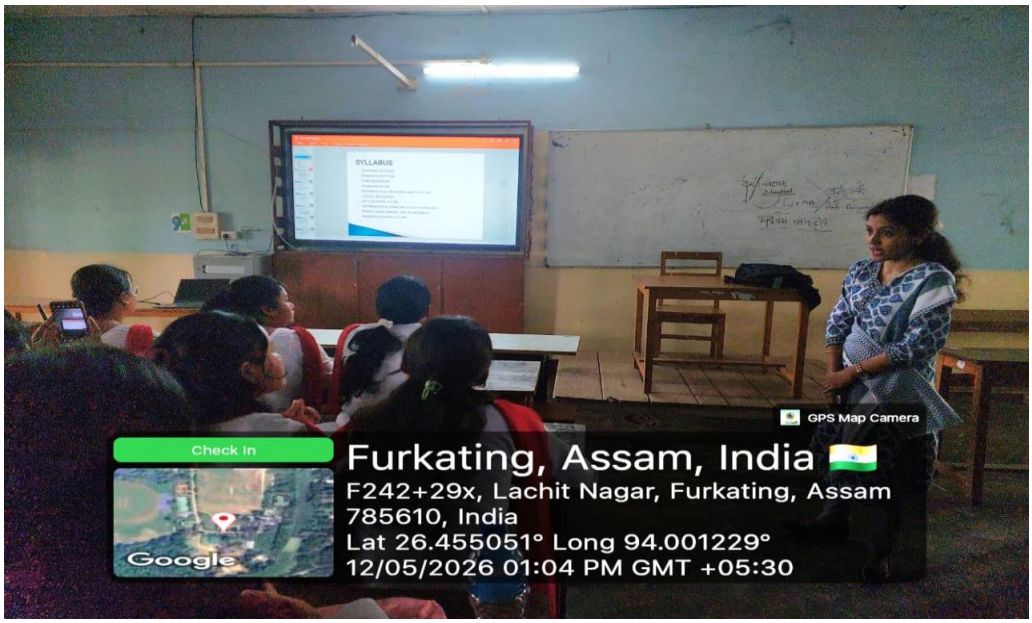

The program successfully enhanced the exam readiness of the 27 participants, providing them with a robust framework for systematic preparation.
